

“Check My Progress” student performance tracker

Check My Progress

In order to ensure that their child is progressing academically, parents will be given online access to check on their child's attendance, assignments and scores. Unfortunately, we are not permitted to provide our partners access, however you can request access from your clients. Please advise and encourage your students' parents to contact their child and/or their child's International Assistant in our program for the access information. I.A.'s are supposed to provide the password only to the student or the student's parent, however the student or parent may choose to provide it to you.

Here is how to use **checkmyprogress**:

1. Ask your client for the password.
2. Go to the website <https://checkmyprogress.ca/classic/>
3. Select “student/parent” option
4. Select student's school
5. Insert student's last name as the user name
6. Insert password (5 digit number)
7. Select courses and check student's progress in each course

If you notice any irregularities or have any questions about your student's progress, please do not hesitate to [contact our office](#) to request a more detailed explanation.
