Fee Schedule for 2022/2023

Building Global Relationships

(All prices in Canadian dollars and include GST)

HOMESTAY PLACEMENT

We place students with host families for a Canadian cultural experience and to improve their English Language skills. Our student application form gives us details about the student so we can match them with a great family that has similar interests. Our families are thoroughly vetted prior to placement.

HOST FAMILY PAY

The monthly pay includes accommodation, three meals per day, and a welcoming, loving environment.

Transportation is not included in this rate. Every student has their own private bedroom (private bathrooms are not guaranteed but sometimes an option). Unlimited WiFi is provided at no extra cost.

CUSTODIANSHIP

Our custodianship is the heart of our program. Every student is treated as an individual and assigned a mentor who checks in on the student a minimum of every two weeks. We are there to help the student transition to Canadian life and face any challenges as they arise. Custodianship students attend an orientation after their arrival which will include meeting our staff and an activity. There will be more optional activities offered through the year for varying costs.

AIRPORT SERVICES

Airport pickup or drop off is provided by our staff or one of our trusted partners. This service must be booked a minimum of 48 hours in advance and is not refundable.

All our terms and conditions can be found on our website. All payments are non-refundable. Terms, conditions, and rates are subject to change at any time.
